CITY OF PEACHTREE CORNERS
PLANNING COMMISSION MINUTES
November 12, 2025
7:00 PM

The City of Peachtree Corners held a Planning Commission meeting on November 12, 2025. The meeting was held at City Hall, 310 Technology Parkway, Peachtree Corners, GA, 30092. The following were in attendance:

Planning Commission: Alan Kaplan, Chairman
Joshua Stephens
Lance Campbell
Jim Blum
James Kucik
Sherry Ferguson

Staff: Shaun Adams, Community Development Director
Kylie Thomas, Planning & Zoning Administrator

MINUTES:

MOTION TO APPROVE THE MINUTES FROM THE September 16, 2025, PLANNING COMMISSION MEETING.

By: Joshua Stephens

Seconded: Jim Blum

Vote: 6-0 (Blum, Campbell, Ferguson, Kaplan, Kucik, Stephens)

Action: Minutes Approved

OLD BUSINESS: NONE.

NEW BUSINESS:

1. **ZA2025-007 Sign Code.** Consideration of an amendment to Chapter 54, Signs, of the Municipal Code of the City of Peachtree Corners to adjust definitions, permitting procedures, and regulations.

Shaun Adams, Community Development Director, presented the amendments to the sign code.

Staff recommended approval of these amendments, noting the City's outside council conducted an independent review of the existing sign code, which identified areas of the current code that needed revisions, including deleting

obsolete terms, updating definitions, and adding references to recent case law.

2. **SUP2025-002 Flexential**. Request to approve a special use permit for a data processing facility located at 2755 and 2775 Northwoods Parkway, Dist. 6, Land Lot 256, Peachtree Corners, GA

Shaun Adams, Community Development Director, presented the application.

He discussed that Flexential applied for an SUP to expand its existing data processing facility located at 2755 and 2775 Northwoods Parkway. The request involves doubling the current footprint by expanding into an adjacent, interconnected building. Director Adams noted the existing facility has operated for over 20 years. Because recent text amendments now require an SUP for data centers, the expansion project serves as a mechanism to bring the entire property into full compliance with the current code.

Staff recommended approval of SUP2025-002 with 4 conditions.

There were no questions of staff from the Commissioners.

The applicant, John Crowley, with Flexential, provided detailed testimony regarding the facility's operational impact, discussing: closed-loop cooling, stating that unlike large-scale data centers that consume millions of gallons of water, this facility uses a closed-loop system with propylene glycol (food-grade). There is no water evaporation or reliance on cooling towers.

The Commissioners had several questions for the applicant, including if there would be an opportunity to have the facility power by solar panels, the amount of wattage that would be anticipated, and if there would be any noise associated with the proposed expansion.

The applicant responded by discussing the power consumption, and that the expansion requires 4.5 megawatts. The applicant noted this is comparable to standard industrial grade usage and significantly lower than the 500-megawatt "hyperscale" facilities often cited in the media. Further, backup generators (MTU/Caterpillar) are tested monthly for 15 minutes. The generators include noise suppression mufflers, maintaining decibel levels at 106 dB at the source, which dissipates rapidly with distance.

Chairman Kaplan opened the floor for public comment. A resident raised concerns regarding the growth of Artificial Intelligence (AI) and the environmental sustainability of such facilities.

In response, the applicant emphasized that the facility is framed as a model for sustainable data center design due to its water efficiency and noted that the facility maintains higher-than-average landscaping and exterior upkeep compared to neighboring industrial properties

Chairman Kaplan asked for a motion and a motion was made.

MOTION TO RECOMMEND APPROVAL WITH CONDITIONS OF SUP2025-002.

By: Jim Blum

Second: Lance Campbell

Vote: 6-0 (Blum, Campbell, Ferguson, Kaplan, Kucik, Stephens)

Action: Recommendation of Approval with staff conditions.

CITY BUSINESS ITEMS:

Director Adams discussed the following items:

Reappointments: Several seats on the Planning Commission and Zoning Board of Appeals (ZBA) are up for consideration. Recommendations will be presented to the City Council during their upcoming retreat.

Zoning Rewrite: The city is progressing with a comprehensive rewrite of the zoning and municipal codes. The next major milestone for the Commission will be the stakeholder work sessions regarding the code rewrite in early December.

Upcoming Meetings: There will be no Planning Commission meeting in December.

ADJOURNMENT:

MOTION TO ADJOURN.

By: Lance Campbell

Second: Jim Blum

Vote: 6-0 (Blum, Campbell, Ferguson, Kaplan, Kucik, Stephens)

The Planning Commission meeting concluded at 7:39PM.

Approved:

Attest:

MEMO

TO: Planning Commissioners
CC: Brian Johnson, City Manager
Dave Rhodes, City Attorney
Kylie Thomas, Planning and Zoning Administrator
FROM: Shaun Adams, Community Development Director
Date: January 15, 2026
RE: **Memo for RZ2025-003**

Document Number/Agenda Item Description: (RZ2025-003. 6200 The Corners Parkway)

Request: To rezone ± 16.17 acres from C-2 to IRD for an infill residential development at 6200 The Corners Parkway.

Project Data:

The subject property is located on the southeastern side of Crooked Creek Road and the northwestern side of The Corners Parkway, south of their intersection. The applicant is proposing to construct 137 residential units at a density of approximately 8.4 units per acre in a grid like pattern, spread across the parcel.

The proposed development would include 53 front and rear-loaded single-family detached homes and 84 front and rear loaded single-family attached dwellings (traditional townhomes). The applicant is proposing 2.36 acres of open space throughout the development, within a centralized master amenity area and several linear green spaces. The submitted site plan shows sidewalks along Crooked Creek Road and an eight-foot multi-use trail and two potential trail spur connections along The Corners Parkway.

The applicant is proposing to close the northernmost curb cut along Crooked Creek Road and maintain the three other access points as they currently exist.

Summary:

The proposed rezoning from C-2 to IRD is consistent with the recommendations of the Comprehensive Plan as well as the Small Area Plan for the Central Business District and would create a unique mix of housing products within the same development. Further, the proposed development would result in safer access to and around the site, the closing of a curb cut, and the redevelopment of an underperforming office building.

Recommendation:

Approval with conditions of RZ2025-003.

PROPOSED REQUEST:	Rezoning from C-2 to IRD to allow for an infill residential development consisting of 137 units.
CONTACT:	Henry Massie 678.684.6287
STAFF RECOMMENDATION:	APPROVAL with conditions of RZ2025-003

PROJECT DATA:

The applicant, McKinley Homes, is requesting to rezone 6200 The Corners Parkway from C-2 (General Commercial) to IRD (Infill Residential) in order to construct a 137-mixed unit residential subdivision.

The subject property is approximately ± 16.17 acres and is located on the southeastern side of Crooked Creek Road and the northwestern side of The Corners Parkway, south of their intersection.

The property is currently developed with a seven-story, approximately 160,000 square foot office building and 970 associated surface parking spaces. As the site currently sits, five curb cuts, two along Crooked Creek Road and three along The Corners Parkway, provide access to the parcel. It should be noted that while there are five access points, only four currently access the existing office building. The fifth (southernmost curb cut) along The Corners Parkway, while located on the subject property, provides access to the adjacent C-2 zoned property to the south. It is unclear if this curb cut will remain or will be removed with the redevelopment of the parcel.

The applicant is proposing to construct 137 residential units at a density of approximately 8.4 units per acre in a grid like pattern, spread across the parcel. The submitted site plan shows 53 front and rear loaded single-family detached homes and 84 front and rear loaded single-family attached dwellings (traditional townhomes). The applicant is proposing 2.36 acres (approximately 14.6%) of open space throughout the development, which exceeds the 10% open space requirement of the IRD zoning district. The submitted site plan shows a large, centralized master amenity area and several other linear green spaces dispersed throughout the development. It should be noted that although not required, the applicant has not detailed the proposed master

Aerial Photo

amenity area plans with staff. Detention is shown as proposed in a pond along the eastern (The Corners Parkway) property line. Several pockets of guest parking, totaling 36 spaces, are provided in strategic locations throughout the development. The applicant intends on

removing one, northernmost curb cut along Crooked Creek Road, of the five existing curb cuts on the property with the development of this subdivision. While the southernmost curb cut is on the subject parcel, access to the existing office development is not provided from it and this curb cut instead provides access to the commercially zoned parcel located south of the subject property. Internal sidewalks are proposed throughout and would create a pedestrian network with multiple connections to The Corners Parkway and Crooked Creek Road, as well as throughout the development.

COMMUNITY INFORMATION MEETING REPORT:

The applicant hosted two community information meetings, one on December 2, 2025, and the other on December 18, 2025. As a result of neighbors expressing concerns regarding the first meeting being too close to the Thanksgiving Holiday and technical issues with hosting the meeting virtually, the applicant rescheduled the community meeting for December 18, 2025. Prior to both meetings, the applicant mailed a letter and site plan explaining the proposed project to all property owners within 500 feet of the subject property. At the December 18th meeting, held via Microsoft Teams, 8 people were in attendance.

There were questions regarding the proposed price point and size of the homes, if the community will be gated, and entrances to the project. There were no changes to the site plan as a result of the Community Information Meeting, but it should be noted that no changes from community members were requested.

ZONING HISTORY:

In 1973, the Gwinnett County Board of Commissioners approved a rezoning of the subject property from M-1 (Light Industry), O-I (Office-Institutional) and RM (Residential Multifamily) to C-2, pursuant to REZ1973-00052. In 1998, the Gwinnett County Board of Commissioners approved a Special Use Permit to allow for a 7-story office building, pursuant to SUP1998-00072.

Zoning Map

SURROUNDING LAND ANALYSIS AND ZONING

Surrounding Properties	Zoning (Case Number)	Existing Land Use
Adjacent: North	C-2	Mary Our Queen Church
Adjacent: East	RM-8 (RZM2002-00054)	Kedron Falls Townhouse Development (135 units; density of 7.14 units per acre)
Adjacent: South	C-2	Commercially zoned office buildings
Adjacent: West	O-I	Office buildings

COMPREHENSIVE PLAN:

The 2045 Comprehensive Plan's Character Area Map indicates that the subject property is located within the Central Business District (CBD) Character Area. This area encourages a wide range of mixed uses, including medium density residential, commercial, and office.

In December of 2024, the city adopted a Central Business District Small Area Plan, which organizes the CBD into seven subareas. The subject property is located within the District Infill subarea of the CBD.

The vision for the District Infill subarea is to revitalize this portion of the city by redeveloping underutilized office buildings with a mix of residential uses. The preference for this subarea is for higher density, built for equity, residential; specifically, when it is proposed as part of a mixed housing type development. Further, the submitted site plan shows a network of pedestrian connections within the development and shows multiple potential trail connections, furthering several goals of the Comprehensive Plan's Community Work Program.

Character Area Map

In addition, Goal 8 of the Community Work Program is to support housing options that accommodate various age groups and provide options for the development of housing at all price points. The applicant's proposed development, a 137-unit mixed residential development meets this goal specifically.

The subject property is located in the heart of the city's central business district, and the proposed development is compatible with the surrounding area and the goals of the Comprehensive Plan and CBD Small Area Plan.

RZ2025-003– SEC. 1702 ZONING STANDARDS

CRITERIA TO BE APPLIED – REZONING

The criteria for rezoning decisions are provided in Section 1702 of the City of Peachtree Corners Zoning Ordinance. The specific criteria should be evaluated when considering a land use decision. The applicant is required to address

these criteria (see application); below are staff's findings which are independent of the applicant's responses to these criteria.

A. Will this proposed rezoning, special use permit, or change in conditions permit a use that is suitable in view of the use and development of adjacent and nearby property?

The proposed rezoning to IRD would permit a use that is suitable in view of the use and development of adjacent and nearby properties. The neighboring townhouse development, Kedron Falls, sits on approximately 18.9 acres and has 135 single-family attached units (a density of 7.14 units per acre). The proposed development would result in a density of approximately 8.4 units per acre, which is in keeping with the surrounding area.

While the existing office is not at full capacity, the site is developed with a 7-story office building and associated parking, trips of the proposed development would be less than the property is currently entitled for.

B. Will this proposed rezoning, special use permit, or change in conditions adversely affect the existing use or usability of adjacent or nearby property?

Rezoning the subject property to IRD should not adversely affect the existing use or usability of adjacent or nearby properties. The proposed development would result in the closing of one curb cut that currently exists on the site and would add additional single family detached and attached housing stock to the city's inventory.

C. Does the property to be affected by a proposed rezoning, special use permit, or change in conditions have reasonable economic use as currently zoned?

The property has a reasonable economic use as currently zoned.

D. Will the proposed rezoning, special use permit, or change in conditions result in a use which will or could cause an excessive or burdensome use of existing streets, transportation facilities, utilities, or schools?

Given the multiple access points into the site from multiple thoroughfares, and close proximity to a Major Arterials (Peachtree Parkway and Holcomb Bridge Rd), it is unlikely that transportation facilities would be overburdened by the proposed development.

The project is within the attendance boundaries of Peachtree Elementary School, Pinckneyville Middle School and the student's choice of Norcross High School or Paul Duke STEM High School. Analysis by Gwinnett County Schools indicates that the project could generate approximately 30 elementary school students, 16 middle school students and 23 high school students. It should be noted that all impacted schools are currently under capacity, and would remain under capacity, should this application be approved.

E. Is the proposed rezoning, special use permit, or change in conditions in conformity with the policy and intent of the land use plan?

The 2045 Peachtree Corners Character Area Map indicates that the property is located in the District Infill subarea of the Central Business District (CBD) Character Area. The Small Area Plan, adopted in late 2024, divided the CBD into 7 subareas, further detailing each specific subarea within the CBD.

The District Infill subarea calls for higher density, built for equity, residential, specifically when it is proposed as part of a mixed housing type development. The proposed development would create a unique development with a housing type not currently offered in this part of the city and could attract young professionals and empty nesters to this area of the city.

F. Are there other existing or changing conditions affecting the use and development of the property which give supporting grounds for either approval or disapproval of the proposed rezoning, special use permit, or change in conditions?

The City's Comprehensive Plan envisions higher intensity, for equity products within this subarea of the Central Business District. The redevelopment of this property will provide a diverse type of housing product and development not currently offered in the city. Further, providing housing in such close proximity to the surrounding commercial and office uses will reduce the distances people need to travel.

DEPARTMENT ANALYSIS:

The subject property is approximately ± 16.17 acres and is located on the southeastern side of Crooked Creek Road and the northwestern side of The Corners Parkway, south of their intersection. The applicant is proposing a rezoning of the site from C-2 to IRD to allow for the development of a 137 mixed housing unit development, which would result in a density of approximately 8.4 units per acre.

The IRD zoning district was recently introduced by staff as a new zoning district which is intended to allow for, and encourages, a diversity of lot sizes and housing product types within a single development. This type of development is meant to infill underutilized properties and to create developments that assimilate well with the city's existing neighborhoods, parks, civic spaces, and supportive services. By creating this new zoning district, staff is able to provide more flexibility in the types of housing products that are offered in the city.

The submitted site plan shows 53 front and rear loaded single-family detached homes and 84 front and rear loaded single-family attached dwellings (traditional townhomes). The applicant is proposing 2.36 acres (approximately 14.6%) of open space throughout the development, which exceeds the 10% open space requirement of the IRD zoning district. The submitted site plan shows a large, centralized master amenity area and several other linear green spaces dispersed throughout the development. The applicant's site plan

shows sidewalks along Crooked Creek Road and an eight-foot multi-use trail and two potential trail spur connections along The Corners Parkway.

As currently developed, there are five points of ingress/egress to the property. The applicant's site plan is proposing to close the northernmost curb cut along Crooked Creek Road and maintain the three other access points as they currently exist. The southernmost access drive aisle is located on the property but does not access the existing office development. Coordination with the neighboring property regarding this access point should be considered.

The vision for the District Infill subarea is to revitalize this portion of the city by redeveloping underutilized office buildings with a mixture of residential uses. The preference for this subarea is for higher density, built for equity, residential; specifically, when it is proposed as part of a mixed housing type development. A goal of the City's Community Work Program is to support housing options that accommodate various age groups and provide options for the development of housing at all price points. The applicant's proposed development, a 137-unit mixed residential development meets this goal specifically.

The applicant submitted architectural elevations as part of the rezoning request which show a traditional design, sloped rooflines, and a mixture of exterior materials consisting of brick, fiber cement siding, board and batten, and glass, in warm white tones.

CONCLUSION:

The proposed rezoning from C-2 to IRD is consistent with the recommendations of the Comprehensive Plan as well as the Small Area Plan for the Central Business District and would create a unique mix of housing products within the same development. Further, the proposed development would result in safer access to and around the site, the closing of a curb cut, and the redevelopment of an underperforming office building.

Therefore, Staff recommends **APPROVAL WITH CONDITIONS** of the requested rezoning.

STAFF RECOMMENDATION

Based on the findings and conclusions herein, Staff recommends **APPROVAL** of Land Use Petition **RZ2025-003**, subject to the following conditions:

1. The property shall be rezoned from C-2 to IRD.
2. The use of the property shall be limited to 137 residential units, with a maximum of 84 units as townhouses.
3. Residential units are limited to 3-stories and 35' in height.
4. The property shall be developed in substantial conformance with the site plan prepared by PEC and titled 'Rezoning Master Plan', dated December 1, 2025 (with revisions to meet these conditions and zoning and development regulations).
5. Driveways shall be a minimum of 18' in length and 20' in width.
6. Building elevations shall be in substantial conformance with the elevations submitted with this application and received December 1, 2025, subject to review and approval by the Community Development Director.
7. The development shall be limited to the access points as shown on the site plan prepared by PEC and titled 'Rezoning Master Plan', dated December 1, 2025, subject to review and approval by the City of Peachtree Corners Public Works Director.
8. Owner/Developer shall close and install curb and gutter at the northernmost access point along Crooked Creek Road. Should any other access points be closed, curb and gutter shall be installed.
9. Owner/Developer shall construct on-site stormwater detention facilities to meet the standards of Peachtree Corners' Stormwater Ordinances including, but not limited to, stormwater detention, water quality standards, stream protection and management of off-site drainage flowing through the site.
10. All stormwater facilities shall be owned and maintained by the Homeowner's Association/owner of the subject property in accordance with Peachtree Corners' Stormwater Ordinances.
11. Owner/Developer shall install sidewalks along The Corners Parkway and Crooked Creek Road and dedicate southeast portion, along The Corners Parkway, to the City to ensure that the sidewalk stays in the Right of Way.
12. Owner/Developer shall provide sidewalk connectivity within the development and provide pedestrian sidewalk connections from the development onto the public sidewalk network along The Corners Parkway and Crooked Creek Road.
13. Owner/Developer shall provide a central mailbox for the community with adequate pedestrian access.
14. Owner/Developer shall provide space and feasibility for residential garbage service, subject to review and approval of the City of Peachtree Corners Public Works Director.

15. Bicycle racks shall be provided within the development in accordance with the overlay standards.
16. No more than 15% of the homes may be rental units concurrently. The limitation shall be incorporated into the Homeowners' Association covenants and enforced by the Homeowners' Association.

DEPARTMENT COMMENTS

Land Development

- Final subdivision plat will be required prior to issuance of building permits.
- 10' landscape strips are required along both road frontages (sidewalks adjacent to units 54 and 56 conflict with landscape strip area).
- Ensure road and unit layout can accommodate waste and fire services per city and county requirements.
- Preserve, to the extent practicable, the existing trees in the landscape strip area along entire east property frontage.

Public Works

- Continue new sidewalk along the road on The Corners Parkway to the next driveway to the south
- Sidewalks are required on both sides of each street including internal streets
- Provide crosswalk near lot 76
- Provide sidewalk between lots 119 and 120
- Ensure access to each parcel for garbage trucks
- Ensure adequate space for vehicles to egress the driveway of lot 106

FEE SCHEDULE

1. Rezoning / Change-in-Conditions / Special Use Permit: Residential Zoning Districts
 (note: a Special Use Permit related to a rezoning case shall not incur an additional fee)

A. For the following single-family residential zoning districts: RA-200, R-100, or R-75

0 - 5 Acres = \$ 500
 > 5 - 10 Acres = \$ 1,000
 > 10 - 20 Acres = \$ 1,500
 > 20 - 100 Acres = \$ 2,000
 > 100 - Acres = \$ 2,500 plus \$40 for each additional acre over 100
 Maximum Fee: \$10,000

B. For the following single and multifamily residential zoning districts: R-TH, RMD, RM-6, RM-8, RM-10, RM-13, R-SR, MH, R-60, R-ZT, R-75 MOD or CSO, and R-100 MOD or CSO

0 - 5 Acres = \$ 850
 > 5 - 10 Acres = \$1,600
 > 10 - 20 Acres = \$2,100
 > 20 - 100 Acres = \$2,600
 > 100 - Acres = \$3,200 plus \$40 for each additional acre over 100
 Maximum Fee: \$10,000

2. Rezoning / Change-in-Conditions / Special Use Permit: Non-Residential Zoning Districts

(note: a Special Use Permit related to a rezoning case shall not incur an additional fee)

For the following office, commercial and industrial zoning districts: C-1, C-2, C-3, O-I, OBP, M-1, or M-2

0 - 5 Acres = \$ 850
 > 5 - 10 Acres = \$1,600
 > 10 - 20 Acres = \$2,100
 > 20 - 100 Acres = \$2,600
 > 100 - Acres = \$3,200 plus \$50 for each additional acre over 100
 Maximum Fee: \$10,000

3. Rezoning / Change-in-Conditions / Special Use Permit: Mixed-Use Development (MUD) District

Application Fee = \$1,200
 + \$75 per acre or portion thereof (for rezoning only)
 Maximum Fee: \$10,000

4. Buffer Reduction (Greater than 50%): \$500

5. Comprehensive Plan Amendment: \$1000

APPLICANT'S RESPONSE
STANDARDS GOVERNING THE EXERCISE OF THE ZONING POWER

Pursuant to section 1702 of the 2012 zoning resolution, the city council finds that the following standards are relevant in balancing the interest in promoting the public health, safety, morality or general welfare against the right to the unrestricted use of property and shall govern the exercise of the zoning power.

PLEASE RESPOND TO THE FOLLOWING STANDARDS IN THE SPACE PROVIDED OR USE AN
ATTACHMENT AS NECESSARY:

- A. Will this proposed rezoning, special use permit, or change in conditions permit a use that is suitable in view of the use and development of adjacent and nearby property?
- SEE ATTACHED SHEET
- B. Will this proposed rezoning, special use permit, or change in conditions will adversely affect the existing use or usability of adjacent or nearby property?
- C. Does the property to be affected by a proposed rezoning, special use permit, or change in conditions have reasonable economic use as currently zoned?
- D. Will the proposed rezoning, special use permit, or change in conditions will result in a use which will or could cause an excessive or burdensome use of existing streets, transportation facilities, utilities, or schools?
- E. Will the proposed rezoning, special use permit, or change in conditions is in conformity with the policy and intent of the land use plan?
- F. Are there are other existing or changing conditions affecting the use and development of the property which give supporting grounds for either approval or disapproval of the proposed rezoning, special use permit, or change in conditions?

DISCLOSURE REPORT FORM
CONFLICT OF INTEREST CERTIFICATION/CAMPAIGN CONTRIBUTIONS

WITHIN THE (2) YEARS IMMEDIATELY PRECEDING THE FILING OF THIS ZONING PETITION HAVE YOU, AS THE APPLICANT FOR THE REZONING, SPECIAL USE PERMIT, OR CHANGE IN CONDITIONS PETITION, OR AN ATTORNEY OR AGENT OF THE APPLICANT FOR THE REZONING, SPECIAL USE PERMIT, OR CHANGE IN CONDITIONS PETITION, MADE ANY CAMPAIGN CONTRIBUTIONS AGGREGATING \$250.00 OR MORE OR MADE GIFTS HAVING AN AGGREGATE VALUE OF \$250.00 TO THE MAYOR OR ANY MEMBER OF THE CITY COUNCIL?

CHECK ONE:

☐ YES

☒ NO

(If yes, please complete the "Campaign Contributions" section below)

NOTES

1. THE UNDERGROUND UTILITIES SHOWN HAVE BEEN LOCATED FROM FIELD SURVEY INFORMATION AND EXISTING DRAWINGS. THIS SURVEYOR MAKES NO GUARANTEE THAT THE UNDERGROUND UTILITIES SHOWN COMPRISE ALL SUCH UTILITIES IN THE AREA, EITHER IN SERVICE OR ABANDONED. THE SURVEYOR FURTHER DOES NOT WARRANT THAT THE UNDERGROUND UTILITIES SHOWN ARE IN THE EXACT LOCATION INDICATED ALTHOUGH HE DOES CERTIFY THAT THEY ARE LOCATED AS ACCURATELY AS POSSIBLE FROM INFORMATION SUPPLIED AND TO THE SURVEYOR'S BEST KNOWLEDGE ARE APPROXIMATELY AS SHOWN. THE SURVEYOR HAS NOT PHYSICALLY LOCATED THE UNDERGROUND UTILITIES. ALL UTILITIES SERVING THE PROPERTY ENTER THROUGH ADJOINING PUBLIC STREETS AND/OR EASEMENTS OF RECORD.
2. I HAVE EXAMINED THE FEDERAL EMERGENCY MANAGEMENT AGENCY FLOOD INSURANCE RATE MAP FOR GWINNETT COUNTY, GEORGIA AND INCORPORATED AREAS, COMMUNITY PANEL NUMBER 13135C00B1G, PANEL 81 OF 155, EFFECTIVE DATE MARCH 4, 2013 AND FOUND NO PORTION OF THE PROPERTY SHOWN HEREON TO FALL WITHIN A DESIGNATED FLOOD ZONE "A" (AREAS OF 100 YEAR FLOOD). THE PROPERTY SHOWN HEREON TO FALL WITHIN A DESIGNATED FLOOD ZONE "X" (AREAS DETERMINED TO BE OUTSIDE THE 0.2% ANNUAL CHANCE FLOOD.
3. THE ORTHOMETRIC HEIGHTS (ELEVATIONS AND CONTOURS) SHOWN HEREON WERE DETERMINED BY GPS OBSERVATIONS AND WERE ADJUSTED BY PLANNERS AND ENGINEERS COLLABORATIVE IN NOVEMBER 2025. NORTH AMERICAN DATUM OF 1983 (NAD83), NORTH AMERICAN VERTICAL DATUM OF 1988 (NAVD88), GEORGIA WEST ZONE STATE PLANE COORDINATES.
4. THE TERM "CERTIFICATION" RELATING TO PROFESSIONAL ENGINEERING AND LAND SURVEYING SERVICES SHALL MEAN A SIGNED STATEMENT BASED UPON FACTS AND KNOWLEDGE KNOWN TO THE REGISTRANT AND IS NOT A GUARANTEE OR WARRANTY, EITHER EXPRESSED OR IMPLIED.
5. THIS SURVEY HAS BEEN PREPARED WITHOUT THE BENEFIT OF A CURRENT TITLE INSPECTION REPORT. EASEMENTS OR OTHER ENCUMBRANCES MAY EXIST ON PUBLIC RECORD BUT NOT BE SHOWN HEREON.
- (IF TITLE AVAILABLE) THE PROPERTY DESCRIBED HERE ON (THE "PROPERTY") IS THE SAME AS THE PROPERTY DESCRIBED IN COMMITMENT NO. _____, WITH AN EFFECTIVE DATE OF _____, AND THAT ALL EASEMENTS, COVENANTS AND RESTRICTIONS REFERENCED IN SAID TITLE COMMITMENT OR APPARENT FROM A PHYSICAL INSPECTION OF THE PROPERTY OR OTHERWISE KNOWN TO ME HAVE BEEN PLOTTED HEREON OR OTHERWISE NOTED AS TO THEIR EFFECT ON THE PROPERTY.
6. NO ZONING INFORMATION PROVIDED FOR BUILDING SETBACKS.
7. THIS SURVEY WAS MADE IN ACCORDANCE WITH LAWS AND/OR MINIMUM STANDARDS OF THE STATE OF GEORGIA.
8. THE PROPERTY HAS DIRECT ACCESS TO CROOKED CREEK ROAD AND THE CORNERS PARKWAY, A DEDICATED PUBLIC STREET OR HIGHWAY.
9. THERE IS NO OBSERVED EVIDENCE OF USE OF THE PROPERTY AS A SOLID WASTE DUMP, SUMP OR SANITARY LANDFILL.
10. THIS DATA SET WAS TESTED TO MEET ASPRS POSITIONAL ACCURACY STANDARDS FOR DIGITAL GEOSPATIAL DATA (2014) FOR A 5.7 (CM) RMSEZ VERTICAL ACCURACY CLASS. ACTUAL NVA ACCURACY WAS FOUND TO BE RMSEZ = 5.7 CM, EQUATING TO +/- 11.3 CM AT 95% CONFIDENCE LEVEL. ACTUAL VVA ACCURACY WAS FOUND TO BE +/- 17.2 CM AT THE 95TH PERCENTILE.
11. AT THE TIME OF SURVEY THERE WAS NO OBSERVABLE EVIDENCE OF SITE USE AS A CEMETERY OR BURIAL SITE.
12. AT THE TIME OF SURVEY, THERE WAS NO OBSERVED EVIDENCE OF ANY DELINEATED WETLAND AREAS.
13. THE SUBJECT PROPERTY IS CONTIGUOUS AND CONTAINS NO GAPS OR GORES.

LEGAL DESCRIPTION

LL THAT TRACT OR PARCEL OF LAND lying and being in Land Lot 283, of the 6th District, Gwinnett County, Georgia and being more particularly described as follows:

BEGIN at a set 1/2 inch rebar with cap located 999.50 feet more or less on the easterly right of way line of Crooked Creek Road (variable public right of way) as measured southwesterly from the most southerly end of mitered intersection created by the southerly right of way line of The Corners Parkway (variable public right of way) and said easterly right of way line of Crooked Creek Road, said rebar being the POINT OF BEGINNING;

THENCE leaving said easterly right of way of Crooked Creek Road and proceed S80°25'07"E a distance of 565.28 feet to a set 1/2 inch rebar with cap on the westerly right of way of said The Corners Parkway; thence along said westerly right of way of The Corners Parkway the following courses and distances: along a curve turning to the left with an arc length of 95.58 feet, having a radius of 430.33 feet, being subtended by a chord bearing of S01°57'32"W, and a chord length of 95.38 feet to a point; along a curve turning to the right with an arc length of 206.85 feet, having a radius of 499.02 feet, being subtended by a chord bearing of S07°45'32"W, and a chord length of 205.37 feet to a point; S19°38'02"W a distance of 100.00 feet to a point; along a curve turning to the left with an arc length of 156.71 feet, having a radius of 438.00 feet, being subtended by a chord bearing of S09°23'02"W, and a chord length of 155.88 feet to a point; S00°51'58"E a distance of 69.98 feet to a point; along a curve turning to the right with an arc length of 369.30 feet, having a radius of 317.00 feet, being subtended by a chord bearing of S32°30'32"W, and a chord length of 348.77 feet to a point; S65°53'02"W a distance of 85.00 feet to a point; along a curve turning to the left with an arc length of 570.17 feet, having a radius of 439.68 feet, being subtended by a chord bearing of S28°44'52"W, and a chord length of 531.05 feet to a set PK Nail; thence leaving said westerly right of way of The Corners Parkway and proceed S81°27'55"W a distance of 101.92 feet to a set PK Nail; thence N15°03'16"E a distance of 303.15 feet to a set 1/2 inch rebar with cap; thence N58°34'45"W a distance of 432.41 feet to a found 1/2 inch open to pipe: thence N58°34'45"W a distance of 21.35 feet to a set PK Nail on said easterly right of way line of Crooked Creek Road; thence along said easterly right of way of Crooked Creek Road the following courses and distances: N47°45'39"E a distance of 75.01 feet to a point; along a curve turning to the left with an arc length of 115.79 feet, having a radius of 860.41 feet, being subtended by a chord bearing of N43°54'20"E, and a chord length of 115.70 feet to a set PK Nail; S58°30'50"E a distance of 20.22 feet to a set 1/2 inch rebar with cap; along a curve turning to the left with an arc length of 161.86 feet, having a radius of 880.41 feet, being subtended by a chord bearing of N34°35'15"E, and a chord length of 161.63 feet to a point; N29°19'14"E a distance of 70.97 feet to a point; along a curve turning to the left with an arc length of 234.98 feet, having a radius of 2904.79 feet, being subtended by a chord bearing of N27°00'11"E, and a chord length of 234.92 feet to a point; along a curve turning to the left with an arc length of 304.44 feet, having a radius of 765.25 feet, being subtended by a chord bearing of N13°17'19"E, and a chord length of 302.44 feet to a point; N01°52'54"E a distance of 169.40 feet to a set 1/2 inch rebar with cap, said rebar being the POINT OF BEGINNING.

Tract or parcel contains 704,673 square feet or 16.177 acres.

This plat is a retracement of an existing parcel or parcels of land and does not subdivide or create a new parcel or make any changes to any real property boundaries. The recording information of the documents, maps, plats, or other instruments which created the parcel or parcels are stated hereon. RECORDATION OF THIS PLAT DOES NOT IMPLY APPROVAL OF ANY LOCAL JURISDICTION, AVAILABILITY OF PERMITS, COMPLIANCE WITH LOCAL REGULATIONS OR REQUIREMENTS, OR SUITABILITY FOR ANY USE OR PURPOSE OF THE LAND. Furthermore, the undersigned land surveyor certifies that this plat complies with the minimum technical standards for property surveys in Georgia as set forth in the rules and regulations of the Georgia Board of Registration for Professional Engineers and Land Surveyors and as set forth in O.C.G.A Section 15–6–67.

Date of Map or Plat: 11/25/2025

THE FIELD DATA UPON WHICH THIS PLAT IS BASED WAS COLLECTED USING A TOPCON TOTAL STATION "ESI03", "ESI05", GEOMAX ZOO#00 ROBOTIC STATION, A GEOMAX ZENIUS800 SERIES DATA COLLECTOR, eGPS 20TL GNSS RECEIVER WITH A SITE-LOCALIZED RTK NETWORK, AND HAS A RELATIVE POSITIONAL ACCURACY OF 0.1 FEET.

THIS PLAT HAS BEEN CALCULATED FOR CLOSURE AND WAS FOUND TO BE ACCURATE WITHIN ONE FOOT IN 1,036,094 FEET.

To McKinley Homes; Title Company.

This is to certify that this map or plat and the survey on which it is based were made in accordance with the 2021 Minimum Standard Detail Requirements for ALTA/NSPS Land Title Surveys, jointly established and adopted by ALTA and NSPS, and includes Items 1–4, 8, 9, 10, 13, and 16 of Table A thereof. The field work was completed on: 11/21/2025

Date of Map or Plat: 11/25/2025

LEGAL DESCRIPTION

LL THAT TRACT OR PARCEL OF LAND lying and being in Land Lot 283, of the 6th District, Gwinnett County, Georgia and being more particularly described as follows:

BEGIN at a set 1/2 inch rebar with cap located 999.50 feet more or less on the easterly right of way line of Crooked Creek Road (variable public right of way) as measured southwesterly from the most southerly end of mitered intersection created by the southerly right of way line of The Corners Parkway (variable public right of way) and said easterly right of way line of Crooked Creek Road, said rebar being the POINT OF BEGINNING;

THENCE leaving said easterly right of way of Crooked Creek Road and proceed S80°25'07"E a distance of 565.28 feet to a set 1/2 inch rebar with cap on the westerly right of way of said The Corners Parkway; thence along said westerly right of way of The Corners Parkway the following courses and distances: along a curve turning to the left with an arc length of 95.58 feet, having a radius of 430.33 feet, being subtended by a chord bearing of S01°57'32"W, and a chord length of 95.38 feet to a point; along a curve turning to the right with an arc length of 206.85 feet, having a radius of 499.02 feet, being subtended by a chord bearing of S07°45'32"W, and a chord length of 205.37 feet to a point; S19°38'02"W a distance of 100.00 feet to a point; along a curve turning to the left with an arc length of 156.71 feet, having a radius of 438.00 feet, being subtended by a chord bearing of S09°23'02"W, and a chord length of 155.88 feet to a point; S00°51'58"E a distance of 69.98 feet to a point; along a curve turning to the right with an arc length of 369.30 feet, having a radius of 317.00 feet, being subtended by a chord bearing of S32°30'32"W, and a chord length of 348.77 feet to a point; S65°53'02"W a distance of 85.00 feet to a point; along a curve turning to the left with an arc length of 570.17 feet, having a radius of 439.68 feet, being subtended by a chord bearing of S28°44'52"W, and a chord length of 531.05 feet to a set PK Nail; thence leaving said westerly right of way of The Corners Parkway and proceed S81°27'55"W a distance of 101.92 feet to a set PK Nail; thence N15°03'16"E a distance of 303.15 feet to a set 1/2 inch rebar with cap; thence N58°34'45"W a distance of 432.41 feet to a found 1/2 inch open to pipe; thence N58°34'45"W a distance of 21.35 feet to a set PK Nail on said easterly right of way line of Crooked Creek Road; thence along said easterly right of way of Crooked Creek Road the following courses and distances: N47°45'39"E a distance of 75.01 feet to a point; along a curve turning to the left with an arc length of 115.79 feet, having a radius of 860.41 feet, being subtended by a chord bearing of N43°54'20"E, and a chord length of 115.70 feet to a set PK Nail; S58°30'50"E a distance of 20.22 feet to a set 1/2 inch rebar with cap; along a curve turning to the left with an arc length of 161.86 feet, having a radius of 880.41 feet, being subtended by a chord bearing of N34°35'15"E, and a chord length of 161.63 feet to a point; N29°19'14"E a distance of 70.97 feet to a point; along a curve turning to the left with an arc length of 234.98 feet, having a radius of 2904.79 feet, being subtended by a chord bearing of N27°00'11"E, and a chord length of 234.92 feet to a point; along a curve turning to the left with an arc length of 304.44 feet, having a radius of 765.25 feet, being subtended by a chord bearing of N13°17'19"E, and a chord length of 302.44 feet to a point; N01°52'54"E a distance of 169.40 feet to a set 1/2 inch rebar with cap, said rebar being the POINT OF BEGINNING.

Tract or parcel contains 704,673 square feet or 16.177 acres.

ZONING NOTES:

1. THERE ARE NO STATE WATERS PRESENT ON THE SITE, ONLY STORMWATER DETENTION SYSTEM.
2. STORMWATER TO BE PROVIDED IN ABOVE GROUND SYSTEM.
3. THERE IS NO FLOODPLAIN ON THE SITE.
4. STREETS ARE PRIVATE WITH 26' WIDE ROADWAYS.
5. GWINNETT COUNTY TO PROVIDE WATER AND SANITARY SEWER.
6. SURROUNDING ROADWAYS ARE PEACHTREE CORNERS.
7. ALL UTILITIES SHALL BE PLACED UNDERGROUND.

VARIANCE REQUEST:

1. VARIANCE TO SEC. 1304.5.C.I. TO PERMIT 3-STORY ZERO LOT LINE/DETACHED HOMES FROM 2.5-STORIES

Letter of Intent

6200 The Corners Parkway Redevelopment (+/- 16.18 acres)

PEC+ Project No. 19055.00B

Dear Community Development Officials,

Please see below the responses to the City's standards governing the exercise of zoning power:

A. Will this proposed rezoning, special use permit, or change in conditions permit a use that is suitable in view of the use and development of adjacent and nearby property?

Yes, the proposed rezoning will permit a use that is suitable in view of adjacent and nearby development. The area is characterized by aging commercial and office properties that the Comprehensive Plan identifies as candidates for reinvestment. Introducing a master-planned residential community at an appropriate scale aligns with the CBD's evolving land use pattern. The 137-home program and its internal circulation fit comfortably within the surrounding context. The project supports the broader shift toward a more balanced and adaptable district.

B. Will this proposed rezoning, special use permit, or change in conditions will adversely affect the existing use or usability of adjacent or nearby property?

No, the proposed rezoning will not adversely affect the existing use or usability of nearby property. Redeveloping an obsolete office building and oversized parking fields into a walkable, organized residential neighborhood improves conditions within the CBD. The proposal introduces no external impacts that would diminish adjacent uses. Instead, it stabilizes the area by replacing a declining commercial asset with new investment. The resulting environment enhances the usability of surrounding properties.

C. Does the property to be affected by a proposed rezoning, special use permit, or change in conditions have reasonable economic use as currently zoned?

No, the property does not have a reasonable economic use under its current C-2 zoning. The seven-story office building and nearly 1,000 parking spaces no longer reflect viable market conditions in Peachtree Corners. The Comprehensive Plan notes that aging commercial structures in the CBD are becoming increasingly obsolete. Continued commercial use is not economically feasible given market demand and site configuration. Rezoning to IRD provides a realistic path for reinvestment.

D. Will the proposed rezoning, special use permit, or change in conditions will result in a use which will or could cause an excessive or burdensome use of existing streets, transportation facilities, utilities, or schools?

No, the rezoning will not result in an excessive or burdensome impact on public infrastructure. Traffic from 137 homes is significantly lower than peak volumes associated with a 160,000-square-foot office building. Existing utilities serving the current commercial use provide adequate capacity for the residential program. School impacts are modest given the mix of attached and smaller-lot detached homes. Overall, the redevelopment reduces long-term demands compared to the existing condition.

E. Will the proposed rezoning, special use permit, or change in conditions is in conformity with the policy and intent of the land use plan?

Yes, the rezoning is in full conformity with the policy and intent of the 2045 Comprehensive Plan. The Subject Property is within the Central Business District, where the Plan calls for reinvestment, diversification, and strategic introduction of new housing. Replacing an outdated commercial site with a high-quality residential community directly implements these objectives. The proposal also supports the

Plan's goals to broaden housing choice and reduce commuter dependency. This reinvestment strengthens the long-term competitiveness of the CBD.

F. Are there are other existing or changing conditions affecting the use and development of the property which give supporting grounds for either approval or disapproval of the proposed rezoning, special use permit, or change in conditions?

Yes, several existing and changing conditions support approval of the rezoning. Market demand for legacy office space has declined significantly, while demand for modern fee-simple residential options has increased. The Subject Property exhibits the exact characteristics—aging structure, obsolete layout, and surplus parking—that the Plan identifies for reinvention. Nearby properties are also undergoing transition, reinforcing the evolving nature of the CBD. These dynamics collectively support rezoning to IRD as the appropriate and timely redevelopment path.

Conclusion

The applicant and owner respectfully request that the City of Peachtree Corners Planning Commission, Community Development staff, and Mayor and Council approve and support this rezoning request from C-2 to IRD. The proposal will enhance the viability of existing office uses, provide high-quality new housing opportunities, and add small-scale commercial space in a manner consistent with both the 2045 Comprehensive Plan. The developer and their representatives welcome the opportunity to meet with all interested parties and representatives.

Sincerely,

Hayley Todd

Zoning Manager, Planners and Engineers Collaborative, Inc.

Letter of Intent

6200 The Corners Parkway Redevelopment (+/- 16.18 acres)

PEC+ Project No. 19055.00B

Dear Community Development Officials,

This application seeks to rezone and consolidate the approximately 16.18-acre site at 6200 The Corners Parkway in the city of Peachtree Corners (the "Subject Property," PID 6283 075) from C-2 (General Commercial) to IRD (Infill Residential Development). The change would allow for the redevelopment of surface parking and a seven-story office building to a new, mixed residential community consisting of 137 new homes across four product types. In addition, the application seeks a variance to increase the allowable building height from 30 feet to 35 feet to accommodate the proposed residential architectural form.

Site and Proposal

The zoning actions requested include:

- An amendment to the City of Peachtree Corners zoning map to rezone the Subject Property from C-2 to IRD (Infill Residential Development).
- Variance to Sec. 1304.5.c.i. to permit 3-story zero lot line/detached homes from 2.5-stories

Under this proposal, the seven-story existing office building totaling approximately 160,000 square feet and the 970 spaces of surface parking would be redeveloped entirely into a new, master-planned residential community. The proposed mixed-residential infill site includes 137 new homes across four product types: 46 front-loaded attached homes, 38 rear-loaded attached homes, 24 rear-loaded detached homes, and 29 front-loaded detached homes. The total residential density would be approximately 8.4 units per acre. There would be approximately 2.5 acres of open space provided, about 15 percent of the overall 16.18-acre site. The central green would be a fully amenitized area. Though only 311 spaces of parking are required for this mix of uses, the plan proposes 1140 total spaces: 1104 spaces (or four spaces per home) with an additional 36 guest spaces.

Rationale for Request: Rezoning

The request to rezone the approximately 16.18-acre property from C-2 to IRD is supported by both changing market conditions in Peachtree Corners and the policy direction established in the 2045 Comprehensive Plan's Land Use Element. The Subject Property lies within the Central Business District (CBD) character area, which the Plan identifies as a dynamic, evolving activity center that must continually reinvest, diversify, and modernize to remain competitive. The CBD is not intended to function as a static office park or a traditional commercial district; instead, it is envisioned as a flexible, mixed-use environment capable of supporting a range of uses—including new residential options—that reinforce its vitality.

The Land Use Element repeatedly highlights that aging commercial properties and legacy retail sites within the CBD require strategic reinvention. The Plan notes that large-format commercial structures and excess parking areas are increasingly obsolete and that the city should "encourage redevelopment of retail and office properties" that no longer meet current market expectations. The Subject Property fits this description precisely: a deep commercial lot with an outdated building and an oversized parking field that no longer align with present-day needs. Redeveloping such a parcel is one of the specific reinvestment actions the Plan identifies as necessary for the CBD to maintain its momentum.

The Comprehensive Plan also emphasizes that, even in the CBD, the city must broaden its housing choices to support its economic base. Peachtree Corners has a heavy concentration of older, single-family housing and limited supply of modern, fee-simple attached units, despite strong demand from workforce households, young professionals, families, and downsizing residents. The introduction of 137 new

homes—across four product types ranging from attached to detached—directly responds to this policy priority. By adding housing within the CBD, the project helps achieve a critical Plan objective: reducing commuter dependency and allowing more residents to live close to the city’s employment centers. This supports the CBD’s role as both a business hub and a lively activity center with a more balanced land use mix.

The Plan further states that redevelopment in the CBD should leverage existing infrastructure, elevate aesthetics, and encourage more internal connectivity. Replacing an obsolete commercial structure with a walkable, thoughtfully designed residential neighborhood strengthens the internal fabric of the CBD, supports surrounding uses, and catalyzes reinvestment in nearby properties. While the CBD will continue to contain employment and commercial anchors, the introduction of high-quality residential use is consistent with the Plan’s broader vision for a more complete, modern district that is attractive to employers, employees, and future residents alike.

In short, while the CBD is often thought of as an employment-focused area, the 2045 Comprehensive Plan makes clear that sustaining its long-term success requires exactly the kind of reinvestment, diversification, and housing introduction represented in this proposal. Rezoning from C-2 to IRD enables the revitalization of an underperforming commercial site into a high-quality, residential neighborhood that meaningfully advances the CBD’s goals and the Land Use Element’s long-term policy direction.

Rationale for Request: Height Variance

This application also seeks a variance to increase the allowable building height from 2.5 stories to 3 stories (at 35 feet) to accommodate the proposed residential architectural form. The requested height increase is reasonable and supported by both site conditions and the intent of the IRD district. The proposed variance would allow a maximum height of 3 stories rather than the standard 2.5 stories. The additional half-story is essential for achieving appropriate architectural massing, modern rooflines, and the rear-loaded building forms proposed.

The variance remains fully compatible with adjacent uses. Surrounding development includes office, institutional, and commercial buildings at significantly taller heights, as well as other mixed-residential forms within the larger master-planned area. The increase does not create adverse impacts, and the height will remain lower than or comparable to neighboring structures.

From a policy standpoint, the Comprehensive Plan supports context-sensitive flexibility in achieving high-quality infill housing. Providing appropriately scaled residential buildings that fit the design character and remain financially feasible requires modest height adjustments of this nature. The requested variance achieves the minimum necessary relief while preserving the intent of the IRD district.

Constitutional Objections

The portions of the Code of Ordinances and Zoning Ordinance for the City of Peachtree Corners (the “Zoning Ordinance”) which classifies or conditions the Property into any more or less intensive zoning classification and/or zoning conditions other than as requested by the Applicant and property owner are unconstitutional, in that they would destroy the Applicant’s and property owner’s property rights without first paying fair, adequate and just compensation for such rights, in violation of Article I, Section I, Paragraph II of the Constitution of the State of Georgia of 1983, the Due Process Clause of the Fourteenth Amendment to the Constitution of the United States.

The application of the Zoning Ordinance which presently restricts the Property’s use to the present zoning classification, uses, regulations, requirements, and conditions is unconstitutional, illegal, null and void, and constitutes a taking of the Applicant’s and the property owner’s property rights in violation of the Just Compensation Clause of the Fifth Amendment and the Due Process Clause of the Fourteenth Amendment to the Constitution of the United States, Article I, Section I, Paragraphs I and II of the Constitution of the

State of Georgia of 1983, and in violation of the Equal Protection Clause of the Fourteenth Amendment to the Constitution of the United States by denying economic and viable use of the Property while not substantially advancing legitimate state interests.

The Property is presently suitable for IRD as proposed in the requested rezoning, as amended by the Applicant, and is not economically suitable for uses restricted under its present zoning and development classification, conditions, regulations, and restrictions due to its location, shape, size, surrounding development, and other factors. A denial of the requested rezoning and related variances would constitute an arbitrary and capricious act by City of Peachtree Corners and the City Council without any rational basis therefore, constituting an abuse of discretion in violation of Article I, Section I, Paragraphs I and II of the Constitution of the State of Georgia of 1983 and the Due Process Clause of the Fourteenth Amendment. A refusal by the City of Peachtree Corners and the City Council to approve this requested rezoning, with only such additional conditions as agreed to by the Applicant and/or owner, so as to permit the only feasible economic use of the Property, would be unconstitutional between the Applicant, owner, and similarly situated property owners, in violation of Article I, Section I, Paragraph II of the Constitution of the State by discriminating of Georgia of 1983 and the Equal Protection Clause of the Fourteenth Amendment.

Conclusion

The applicant and owner respectfully request that the City of Peachtree Corners Planning Commission, Community Development staff, and Mayor and Council approve and support this rezoning request from C-2 to IRD. The proposal will enhance the viability of existing office uses, provide high-quality new housing opportunities, and add small-scale commercial space in a manner consistent with both the 2045 Comprehensive Plan. The developer and their representatives welcome the opportunity to meet with all interested parties and representatives.

Sincerely,

Hayley Todd

Tax Commissioner Customer Service 8 a.m. - 5 p.m. Weekdays**Email: Tax@gwinnettcountry.com | Phone: 770-822-8800 | www.gwinnetttaxcommissioner.com**

Homestead Exemptions: If you own and occupy a residential property as of January 1 of the tax year, you may qualify for an exemption to reduce taxes. Special exemptions exist for qualifying seniors, the disabled, and others. Apply at www.GwinnettTaxCommissioner.com/apply. The same application is used for all homesteads exemptions. Applications must be submitted by April 1 to qualify for the current tax year. Once approved, you do not need to reapply unless there is a change to the deed or you become eligible for a different homestead. Contact the Tax Commissioner's Office if you no longer qualify for your exemption.

Property Values: The Board of Assessors (BOA) determines property values. It is your right to file an Ad Valorem Real Property Tax Return with the BOA between January 1 and April 1 of the tax year to declare your own estimate of your property's value. You also have the right to appeal the value on your Annual Notice of Assessment within 45 days of its postmark. For information about values and appeals, contact the BOA directly at 770-822-7200. The Tax Commissioner's Office has no role in determining property values. *Note that the due date to file your value appeal with the BOA for this bill is passed.*

Property you have bought or sold: If you owned property on January 1 of the tax year, you are responsible for the full year's taxes even if you sold it. If the taxes are not paid, you may be named on a tax lien. To avoid this, you must submit acceptable proof of the transfer of tax liability within 90 days of the tax due date. Visit www.GwinnettTaxCommissioner.com/sold for examples of acceptable proof. If your proof is accepted, liens for delinquent taxes will be filed in the name of the property owner as of the tax due date. If you moved to a new home in Gwinnett County, you must apply for a homestead for your new home by April 1 to reduce your taxes in the current year.

Late Payments: Taxes not paid by the due date will accrue interest each calendar month, or any portion of a month thereof. Any amount remaining after 120 days after the due date will accrue a 5% penalty, with an additional 5% penalty added at 120-day intervals (20% maximum). Delinquent taxes will also subject the property to a tax lien and ultimately, to sale at a tax auction to collect the remaining amount. All payments received will be applied first to the oldest amounts due.

Georgia House Bill 581 is a state law passed in 2024 that introduces significant changes in Georgia's property tax system, primarily affecting homeowners through a new statewide floating homestead exemption. HB 581 went into effect on January 1, 2025. If your local county, school board, or city adopted a millage rate higher than the estimated rollback rate that appeared on your assessment notice this year, this bill includes a message notifying you that it may result in a property tax increase. HB 581 created a statewide floating exemption available to all local jurisdictions. If any jurisdiction chose to opt out of the new statewide floating homestead exemption, a separate message will appear on your bill to notify you of that decision and who to contact for additional information.

For Assistance Call:

- Tax Bills - Tax Commissioner: 770-822-8800
- Values & Appeals: Tax Assessor's Office
 - Real Estate: 770-822-7200
 - Personal Property: 770-822-7220
(Planes, Boats, Motors, Businesses)
- County Solid Waste: 770-822-7141
- County Street Lights & Speed Tables: 770-822-7400
- County Stormwater: 678-376-7193
- County Millage Rates: 770-822-7000
- School Millage Rates: 678-301-6200
- City Tax and Special Assessments - contact your city*

PLEASE NOTE:

- We do not accept counter checks, two-party checks, or post-dated checks. Pay with funds on deposit in the United States. Do not mail cash.
- Dishonored checks are subject to additional penalties. Collection efforts may be made by a third-party company, Envision Payment Solutions, acting on behalf of the Tax Commissioner's Office.
- Mail postmarked by the U.S. Postal Service on the due date is accepted as timely received. Postage meter dates will not be honored as timely if received after the due date.
- In order to ensure that payments are postmarked timely, we recommend mailing at least seven working days prior to the due date.
- If you have an escrow account, your property tax information has been made available to your mortgage company; however, it is your responsibility to ensure taxes are paid. If your mortgage company has recently changed, you should send a copy of this bill to the new company.

PLEASE REMIT PAYMENTS TO:

RE: THE JAMES at 6200 The Corners Parkway, Peachtree Corners GA 30092

Dear Property Owner:

We would like for you to join our Zoom Video Meeting on Tuesday December 2nd, 2025 from 6pm – 7pm to discuss a proposed infill redevelopment of the property located at 6200 The Corners Pkwy, Peachtree Corners, GA 30092. We are proposing a new, mixed residential infill development with 137 attached and detached homes.

Below are the meeting instructions. There are multiple ways for you to join the meeting, including via your computer, tablet, or cell phone, with or without video. If you are unable to make it, but would like to learn more, please contact via email at Htodd@pec.plus or call her at 678-684-6287.

Topic: Proposed Modification for Property Location at 6200 The Corners Pkwy, Peachtree Corners, GA 30092

Time: Dec 2, 2025 06:00 PM Eastern Time (US and Canada)
