FOR IMMEDIATE RELEASE

## Family Practice Relocates to New Offices in Peachtree Corners

**PEACHTREE CORNERS, GA, April 20, 2015** – The city is home to a number of professional medical offices including Dr. Sunit Singhal, owner of Suburban Medical Center, who has been practicing medicine in Peachtree Corners for 14 years.

On Sunday, April 19, 2015, he along with his staff and family celebrated the relocation of their new office at 4989 Peachtree Parkway during a ribbon-cutting ceremony. Mayor Mike Mason was invited to join in on celebrating the event. The Suburban Medical Center moved from 5075 Peachtree Parkway and is now located in the first floor of the two-story office building once occupied by Re/MAX.

“The city is happy to be part of the celebration, and delighted also to know that Dr. Singhal is investing in the community by purchased the office building where his new offices are located,” said Mayor Mason.

The Suburban Medical Center will occupy the entire bottom floor of the office building. Along with its office that is staffed with three doctors, the medical facility now offers a medical spa that provides skin treatments using laser technology, skin rejuvenation and massage therapy among its services.

“We are glad to be able to continue offering medical services to the community, and we invite everyone to stop by and visit our new medical facility,” said Dr. Singhal. Among the medical services offered at the center are internal and family medicine, pediatrics, women’s health, stress tests and ultra sound.

Boy Scout Troop 575 was invited to be a part of the event. Scouts Luke Chapin, Ben Chapin and Evan Johnson participated in the flag-raising ceremony. The troop meets at Simpsonwood United Methodist Church in Peachtree Corners.

Suburban Medical Center’s hours of operation are Monday – Friday from 8 a.m. – 6 p.m. and Saturday, 8 a.m. – 2 p.m., telephone: 770-582-1300.
