FOR IMMEDIATE RELEASE

## Peachtree Corners Celebrating Arbor Day

**PEACHTREE CORNERS, GA, February 7th, 2023** -- The City of Peachtree Corners will celebrate Arbor Day on Tuesday, March 28<sup>th</sup> from 4 pm to 6 pm at the trailhead of the Corners Connector Trail located on Technology Parkway, neighboring ASHRAE 180 Technology Parkway NW, Peachtree Corners, GA 30092.

The upcoming event will take place before City Council's City Work Session. At the upcoming event, the city will celebrate its recent Gold Level Green Communities designation, awarded by the Atlanta Regional Commission. The Green Communities Program is a voluntary certification program for jurisdictions in the 10-county Atlanta Region to encourage local governments to become more sustainable. During the event, a City Leader will highlight the importance of this certification and what you can do at home to reduce your carbon footprint and aid a more sustainable future.

Please join City Leaders and staff to celebrate Arbor Day by planting trees in your community.

*"Trees are an essential part of the city. A healthy urban forest provides benefits including air and water pollution mitigation, habitat for wildlife, and stormwater runoff reduction," said Peachtree Corners Mayor Mike Mason. "Trees are fundamental to the character of Peachtree Corners."*

*"The City of Peachtree Corners recognizes the value and benefits of its urban forest and the need for an integrated, collaborative approach to caring for its trees," said Councilmember Jeanne Aulbach. "We are proud of our Green Committee's effort to make a lasting difference to the city's environment and quality of life."*

To address the needs of Peachtree Corners' urban forest, the city adopted a tree ordinance in 2013 which assists in preserving and enhancing the natural environment through preservation, protection and the planting of trees.
