

PEACHTREE CORNERS, GA, April 22, 2014 – UPCCA announced today that 201 newly re-designed sign toppers are being installed throughout the city.

The new sign toppers, which incorporate the City of Peachtree Corners logo, measure 20" x 6" and were made by Sign A Rama, located in Peachtree Corners.

Look for the new toppers at subdivision front entrances and at main intersections.

The original sign toppers were installed in 2006. Last fall the UPCCA began making plans to redesign the toppers to include the city logo and began taking orders. The cost for a topper and bracket is \$60.

The time to order has passed, however, a few are still available. Contact Pat Bruschini at pbruschi@bellsouth.net.
